ANTIOCH, ILLINOIS, THURSDAY, AUGUST 15, 1946

FIRST IN RESULTS TO ADVERTISERS

NUMBER 2

5,000 Letters Ask Liberal Gifts to Rescue Squad Fund

Residents in Area Served By Squad Asked to Donate Freely

An appeal for donations to finance the work of the Antioch Rescue squad will be made through 5,000 letters sent out by the Lions club Rescue Squad Fund committee to residents of the territory served by the squad.

The communication will ask that the gift be liberal in appreciation of the service the squad has been giving and will continue to give.

No goal was announced by the committee planning the drive, but it was decided at Monday night's meeting that a most liberal contribution will be necessary on the part of everyone to give the service the needed support.

Publication of the names of all donors with the amounts donated as well as a complete account of all receipts and expenditures is planned.

A liberal patronage of the Rescue squad's booth at the Lions carnival Aug. 29 to Sept. 1, also has been asked.

The letters will be sent out as rapidly as they can be printed and prepared for mailing.

New Entries Provide Keen Competition in Boat Race at Fox Lake

Interest in the Yacht Club Bohemia boat race at Fox Lake Sunday afternoon is expected to grow with the announcement that "Miss Ann" property of Caesar (Ches) Molinari, and "Whipme II," owned by Al Gallart, Chicago, will be entered in the Class E runabout event.

"Miss Ann," a consistent winner in the 103 h. p. class last season, is now powered with a 175 h. p. Lycoming racing motor, and is expected to make real speed.

In "Whipme II" Lake county racing fans will get a first glimpse of the new Ventnor streamline stock runabout model. It has a 190 h. p. Gray fireball engine and really travels, according to Gallart.

Commander Eddie Zender will have his "Hex II" again in running condition and with its Lycoming motor is expected to provide keen competition in the class E race.

"Chickie IV," of Mel Buelow is another entry, and these crafts will all be out to beat "The Viking" of Gus Grundstrom driven by Bill Larsen, which won handily in its first appearance this year at the Mincola race.

Forest Johnson, builder of the Viking is expected to be there from Miami, Fla., with a boat the same design as the "Viking," and there should be a real battle between those two at least.

A couple of these boats have the ability to beat world records and may show that kind of speed Sunday.

In the Class D race, "Peggy G", owned by Earl Hucker of Lake Villa, Rum Runer II, and a new race boat owned by Martin Goodwin, Lake Catherine are expected entries.

The 103 h. p. and under event will attract the usual large entry.

There also will be races for three classes of outboard motors, Class C, service; Class C racers; and an outboard free-for-all.

The next race will be held Aug. 25 at Channel Lake Pavilion which is the only one this season on this end of the Chain of Lakes.

John Conrad Enters National Contest in Vegetable Production

John W. Conrad, of Antioch, is contestant in the National Junior Vegetable Growers association production marketing contest.

Conrad is one of four Lake County boys in the contest, in which \$6,000 in state, sectional, regional and national awards are made. The others are George F. Connell and Roderick E. MacGregor of near Zion, and Merle W. Shotanus, of Wauconda.

Scholarship winners will be announced at the association's twelfth annual convention in Boston, Dec. 5, 6 and 7, according to Prof. Grant B. Snyder, Massachusetts State college, adult adviser of the group.

Duck Hunting Season Reduced to 45 Days; Both Bag and Possession Limits Are Cut

Legion Honors Past Commanders at 20th Anniversary Meeting

The Antioch Legion post will honor its past commanders to-night in their regular meeting at which Commander F. A. Swenson will end his term of office.

It is the post's twentieth anniversary and is now being served by a commander who has the distinction of being the only person to have served two years as commander. This was occasioned by the war.

All but three of the past commanders are still in Antioch and most of them are expected to be in attendance. Each will receive in recognition of his service to the post a paid-up Legion membership card for 1947. Commander Swenson will present the gifts.

The past commanders and their years of service are as follows:

Raymond L. Webb, 1926; Dr. George W. Jensen, 1927; Arthur M. Leithrope, 1928; Paul Chase, 1929; John L. Horan, 1930; Samuel M. Walance, 1931; Alonzo Runyard, 1932; Dr. L. J. Zimmerman, 1933; Walter K. Hills, 1934; Otto S. Klass, 1935; Frank T. Hattem, 1936; James L. Waters, 1937; Ernest Glenn, 1938; Warren Edwards, 1939; Clarence J. White, 1940; J. Harry Messinger, 1941; Roman B. Vos, 1942; Clarence L. Heath, 1943; and Floyd W. Horton, 1944.

A report probably will be made of the district meeting last Friday when the local post put on a program that attracted the second largest crowd of any district meeting this year in the 10th district.

A parade of visiting delegates headed by the Antioch drum corps and colors preceded the district meeting.

Fire Department Called To Extinguish Blazes in Cottages, Grass Plots

Four calls were received by the Antioch fire department during the past week, two of them to cottage fires and two to grass fires.

Last Thursday a run was made to Our Country club in Salem township to put out a grass fire.

The Fitzgerald cottage in the Warren subdivision was the next destination on Saturday evening. There a stopped up chimney caused smoke damage and threatened the building at 8:45 p. m.

When a wood pile was placed too near a heating stove at the Orchard Lane cottage, of A. H. Olsen, Lake Catherine, fire started, causing \$25 worth of damage Monday evening.

A call to the Charles Ackerman subdivision at Indian Point was received Tuesday evening to extinguish a grass fire.

Wells Family Meets Gov. Green at Fair

The Curtis Wells family returned from Springfield, not as winners of the state Typical Farm Family contest but with their county prize of \$50 and a certificate for their new farm freezer. They were introduced to Gov. Green, and had a good time visiting the other contestants.

Mr. and Mrs. Wells remained for the weekend. They were given lodging in a private home because all of the hotels were reserved three weeks before the fair. The fair is having its largest attendance in history.

Two Four-Generations At Laursen Reunion

Members of the Sine Laursen family held their annual reunion and picnic Sunday at the Raymond Laursen home.

Sixty-three persons were in attendance and a picnic dinner was served at the noon hour.

Two groups of four generations were present. They included Sine Laursen and daughter, Mrs. Walter Hills and son Ray Hills and his daughter, Bonnie Lee, Sine Laursen, and the son, Tharward Laursen, his daughter, Emily Lenart and son, Tommy Lenart.

Mesdames O. S. Klass, Anton Johnson, John Horan, Margaret Roof, Frank Kennedy, Lillian Hand, Lucy Himens, Walter Hills, and Ben Miller attended the District meeting of the Tenth District American Legion Auxiliary held at the Methodist church at Lake Bluff, Wednesday evening.

Reduction of the duck hunting season 35 days to a 45-day period has been announced by Secretary of the Interior Krug.

The regulations for the 1946 hunting season also reduce the daily bag limit from 10 to 7 and the possession limit from 20 to 7.

In announcing the regulations Krug characterized the duck-hunting rules the most drastic since 1938. Shooting hours are reduced by a half hour at the close of the day. Shooting of waterfowl, coot, rails, and gallinules will extend from one-half hour before sunrise to one-half hour before sunset.

By way of explanation, Krug said in a statement accompanying the regulations:

"The population of most species of wild ducks has declined within the past two years from a peak of 125,350,000 in 1944 to 80,000,000 birds—a dangerous level.

"Drought conditions in the north central states and the prairie provinces, together with overshooting last season when more ducks were shot than were hatched and raised, are contributing factors.

Ducks Decrease, Hunters Increase

"With a 36 per cent decrease in ducks coupled with a 50 per cent increase in the number of hunters from 1944 to 1946, we invite disaster if we dig any deeper into our breeding stocks. American sportsmen must take a smaller portion of ducks and geese during the 1946 season so that breeders will be left to fly north in the spring of 1947."

High points of the 1946 regulations include:

The waterfowl season runs from Oct. 5 to Nov. 18 in the northern zone; from Oct. 26 to Dec. 9 in the intermediate zone; from Nov. 23 to Jan. 6 in the southern zone.

The daily bag and possession limits for geese have been reduced to two of any kind in any combination, including brant, plus two snow geese or two blue geese, singly or in combination.

At the request of state game officials, Kentucky has been transferred to the southern zone; Iowa, Montana and Ohio to the intermediate zone.

A closed season on Canada geese is prescribed in Minnesota, Wisconsin, Michigan, Iowa, Illinois, Indiana, Ohio, Missouri, Kentucky, Tennessee, Arkansas, Louisiana, Mississippi and Alabama. This was attributed to a decrease in the number of these geese along the Mississippi river flyway.

The post-season period for possession of migratory game birds remains 90 days.

The regulations prohibit the taking of waterfowl by means of bait or with the aid of live ducks or geese decoys.

The regulations were drafted by the fish and wildlife service after consultation with state game administrators. They were approved by President Truman, as well as Secretary Krug.

The regulations include:

The open seasons for wild ducks, geese, and brant include, both dates inclusive:

Michigan, Minnesota, North Dakota, South Dakota and Wisconsin, Oct. 5 to Nov. 18.

Colorado, Illinois (except coot in Lake and McHenry counties), Indiana, Iowa, Kansas, Missouri, Ohio, and Wyoming, Oct. 26 to Dec. 9.

Wood duck: No open season in nine states including Colorado, Kansas and Nebraska.

Canada geese, including Hutchins and cackling geese, and white-fronted geese: No open season in Minnesota, Wisconsin, Michigan, Iowa, Illinois, Indiana, Ohio, Missouri, Kentucky, Tennessee, Arkansas, Louisiana, Mississippi and Alabama.

Coot: In Lake and McHenry counties, Illinois, Oct. 1 to Oct. 13 and from Oct. 26 to Dec. 9.

C. L. Kutil Has Exhibit Of Poultry at State Fair

C. L. Kutil of the State Line Rd., has entries in the "Chicken of Tomorrow" contest at the Illinois state fair.

The contestants start at the same time raising their chickens and the contest extends over three years in an attempt to discover who produces the best meat chicken.

Mr. Kutil entered 15 Buff Orpington cockerels hatched on May 6, the set year for the start of the contest. Next year he will mix the breed in an attempt to develop a better chicken.

Andrew Hansen was on the street this week and appears to be making satisfactory recovery from his recent serious illness.

Firemen's Dance Will Swell Fund for New Station

Benefit Dance to be Held September 14 at New Regal Building

A free dance to be held September 14, at a new building now being erected at the Regal China Company, North Avenue, will be the first move in a drive to secure sufficient funds for the erection of a new fire station on the village property on Orchard street.

A discussion of plans for the dance and drive for funds was held at a meeting at a meeting of the fire department on Tuesday evening, and committees for the affair were appointed.

The new fire station, which will be a part of the projected municipal building, is necessitated by the anticipated purchase of new equipment, which will be too large to house in the present station, as the department is already cramped for space.

It is thought that first architect's drawing will be in the hands of village officials sometime during the coming week, and present plans call for erection of the building as soon as possible.

Coach Kruzan Issues Call for Candidates; ATHS Schedule Posted

With the season's schedule arranged, Maurice R. Kruzan, football coach of Antioch Township High school, has issued a call for football candidates and announced that practice will start Monday, Aug. 26 at 9 a. m.

"I want all of the boys out on that date whether they have had previous experience or not," Kruzan said.

The coach is looking forward to a good season with eight games on the card. The season will open Sept. 13 with the team traveling to McHenry. The first home game will be on the following Friday with Warren Township High, the first of the conference games, and one with the most interest.

There will be four games at Antioch and all will be night games.

The schedule follows:

Sept. 13—McHenry	Away
Sept. 20—Warren	Home
Sept. 27—Zion	Away
Oct. 4—Barrington	Home
Oct. 11—Bensenville	Away
Oct. 18—Palatine	Home
Oct. 25—Northbrook	Away
Nov. 1—Grant	Home

Savings Bond Sales Set Record for July in State of Illinois

July Savings Bonds sales in Illinois reached a new high since the beginning of the peacetime savings program according to Arnold J. Rauen, State Director of the Treasury's U. S. Savings Bonds Division for Illinois.

Sales for the month were \$58,321,645.

Sales in all series showed substantial increases over June. Series E Bond figures totaled \$30,890,634; Series F Bonds, \$2,571,611; and Series G, \$24,859,400.

"This continuation of saving on the part of the people builds up a reserve of future purchasing power and at the same time helps relieve pressure on the consumer goods market," said Mr. Rauen.

"Millions of our fellow citizens are individually making their own future more secure and are collectively building a stronger community, state, and nation through regular purchases of U. S. Savings Bonds," continued Mr. Rauen.

Millburn Eastern Star Has Successful Party

The Millburn Eastern Star gave a card party at the Lake Villa school Wednesday of last week with an attendance of 250 persons.

The organization made \$250 on the event and this will be added to the fund being raised to build a temple. The fund started 15 months ago now has approximately \$4,000. A lot already has been purchased for the building site.

Senator Paddock's Bill to Zone Rural Areas May Again Be Fostered

Senator Ray Paddock's bill authorizing county boards to prescribe rules and regulations governing construction of buildings outside cities, farm buildings excepted, will either be revived for passage at the next regular meeting of the legislature or a similar bill will be introduced, A. L. Sargent executive office of the Illinois Municipal league has declared.

The Lake County zoning board at present, can only zone for general construction such as residence, business, or industry, but cannot specify what type of building can be constructed.

The league also is considering a bill which would return a part of the sales tax to cities and villages in the same way that gasoline tax is distributed.

The complaint is now that the state's coffers are overflowing while towns and villages find difficulty in meeting costs of service.

Professional Horseshoe Pitcher Will Exhibit Game's Technique Here

John Lindmeier, of Maywood, former holder of the National Horse shoe Pitching championship, will be in Antioch, September 6 for a public demonstration of pitching in courts T. R. Birkhead and V. E. Heath are building at the Antioch Township High school grounds.

Lindmeier, now a professional, is anxious that the public not only attend but participate in the pitching. He will give instruction in the art of tossing the shoes.

Horse shoe pitching, once considered the poor man's sport, now has been elevated to the level of golf, especially at the winter resorts. Some professionals are so skilled that they can make "fingers" with the stake hidden or "lighted" matches fastened to the stake.

Antioch 4-H Club Gets Bid to County Health Contest at Grayslake

The Antioch 4-H club has been invited to take part in the second Physical Fitness Field day for Lake County 4-H clubs at Grayslake Monday.

Registration will be at the Grayslake grade school grounds starting at 10 a. m. and the program will continue well into the afternoon.

A general physical checkup will be made of all 4-H members who attend and each member will have an individual health program outlined for his particular need. Parents of all club members are urged to attend along with their sons and daughters, and according to Farm Adviser Ray T. Nicholas, picnic lunch should be brought.

These programs are being conducted throughout the state by five University of Illinois extension workers and one of them will be present to conduct the program.

Regardless of popular belief, farm youths are not the healthiest in the country, according to the farm and home advisers. More than 56 percent of all farm boys drafted during the war were rejected because of their physical condition. Only two other occupational groups had a higher number of rejections.

Because the health of rural boys and girls is not all it should be, the field day is held to encourage and help them bring it up to standard. The day will begin with the weighing and measuring of each 4-H member. General health conditions will be tested by blood pressure and pulse rate measurements. Members are to be examined for muscle firmness and exercises will be given to determine muscle flexibility, arm and leg strength, agility and endurance.

Arthur Myers, club leader, said he did not know how many of the Antioch club would attend because he had not got in contact with them.

Important Meeting of V. F. W. Set for Aug. 20

What is considered an important meeting calling for discussion of matters pertaining to the future welfare of Sequoit post, Veterans of Foreign Wars, has been called by Commander Willard Schneider.

The meeting will be at 8 p. m. Tuesday in the Guild hall for all members.

Antioch Celebrates 1st Anniversary of End of World War 2

Parade and Program at Park Is Only Civilian Observation in Lake County

Although yesterday marked the first anniversary of the end of fighting in World War II, it marked the first year of struggle for a permanent peace—a peace that will come only after racial prejudice, greed that leads to black markets, and crooked politics are banished, according to Major Erwin Jones, Antioch's Victory Day speaker.

Major Jones spoke last night in the Village park, the only public celebration of the V-J anniversary in Lake County.

The program followed a parade of the American Legion color guard, bugle and drum corps, and marching Legionnaires and Veterans of Foreign Wars from the Antioch High school to the Village park.

Events on the program were announced by Commander F. A. Swenson of the American Legion. Charles Cermak led the assembly singing of "America" which was followed by the pledge of allegiance to the flag. The invocation was given by Chaplain Robert Strang of the V. F. W. post.

Commander Willard Schneider of the Antioch post of Veterans of Foreign Wars upon introduction responded with words of appreciation that the community was able to celebrate the day of victory and see the return of men from battle.

Everett Hatfield incoming commander of the American Legion was introduced.

A selection by the Antioch Legion drum corps was followed by the introduction of Commander Roman Tenzen of the Grayslake Legion post who in turn introduced Major Jones, of Chicago, wearer of the Distinguished Service Cross and many campaign ribbons.

Major Jones in delivering the anniversary address pleaded for a vigilance in working for peace as in winning the war.

Cooperation Won War
"Victory was won by our military forces, the army, navy and marines, but not solely by them. It was the people back home working and praying that we would win," said Jones.

"Three years and eight months of fighting ended a year ago today, a (Continued on page 5)

Jens Juergensen, 72, Fox Lake, Dies at His Home Aug. 9

Jens Juergensen, 72, died at his summer home at Fox Lake, Friday, August 9, following a lingering illness.

Mr. Juergensen came to this country in 1894. He was born at Odense, Denmark, on November 7, 1873, a son of the late Jens and Maren Juergensen.

For many years he was associated with name orchestras in Chicago, and prior to his retirement from the music field, was a member of the Chicago Symphony Orchestra.

Mr. Juergensen was a member of the Chicago Federation of Musicians and the Danish Brotherhood.

For the past twenty-five years he has maintained a summer home at Fox Lake, residing in Chicago during the winter months.

He is survived by his wife, Marie, and two sisters, Mrs. Einna Petersen, of Chicago, and Sara Sorensen, Denmark.

Funeral services were held Tuesday from the Strang Funeral home. The Rev. Arthur D. McKay officiating. Burial in Hillside cemetery.

Swiss Cows of Antioch Dairyman Set Record in Milk-Cream Production

Two cows owned by an Antioch dairyman made outstanding records according to reports issued by the Brown Swiss association.

Alpha, Lena of Edge Plain 94721, owned by George Ylonen has completed a 305-day lactation record on herd test of 13,321.2 pounds of milk and 514.42 lbs. fat on twice-a-day milking. This record was made as a four-year-old.

Daisy Pansy Bell 70034, a registered Brown Swiss also owned by Ylonen, completed a 305-day herd test of 12,780.9 pounds of milk with 461.74 pounds of fat on twice-a-day milking. This record was made as a seven-year-old.

Justice To All

There are alarming similarities between the current deliberations over peace treaties and the Versailles agreements which followed World War I—and did so much to sow the seeds of World War II.

Again, the great powers are fighting for spheres of influence. Again, the dark shadow of "balance of power" politics hangs over the meetings. Again, the work of the delegates is hampered by secret commitments made during the war. This has been an especially difficult problem for Mr. Byrnes. And again, many of the smaller powers are living in fear of being sold out by the Big Four. The vehement protests registered by Dr. Evatt of Australia are an indication of this.

What seems to have been largely lost is that conception of "One World" which was so brilliantly argued by Wendell Wilkie and which, in all its essentials, was once supposed to be the guiding policy of all the Allies. It was a conception based solidly and practically upon the conditions of the times. Today, space is of small importance to a nation's security, a bombing plane can fly anywhere in the world in a matter of hours, and a stratosphere missile can do it in minutes. A fragile peace, based upon force and fear, will be only a breathing space between the last war and the next.

The tremendous problem before the world is to establish a peace which will be fair to all nations, which will respect the rights of all nations, and which will make it possible for all nations to live together in the world without need of resort of arms. That kind of peace cannot come from deals between the great powers which use the small powers as trading material. It can only be built upon the sound foundation of justice to all.

* * *

A Modified OPA

The recently enacted OPA bill is a compromise between those who believe the Office should be indefinitely continued in its old form, and those who believe that the time for governmental tinkering with the law of supply and demand is over. It is obviously designed as a sort of transitional measure, to bridge the change from a government-dominated war economy to a free

enterprise peacetime economy.

A sound industrial policy is not based on the theory that the greatest profit comes from inflated prices. Industry depends for its existence on a stable and steady market. As Mr. Boyd points out, prices reach a natural level when full production and efficient operation are achieved.

The most important new feature is its establishment of a three-man "decontrol" board with powers superior to those of the OPA administrator. The job of this board will be to remove controls from commodities when supply is in sufficient quantity so that the free market will automatically assure fair prices. If the board does that job successfully, it will be of immense aid in getting this country back to its traditional ways of doing business.

In the meantime, the consumers of the nation must realize that the basic solution to inflation lies not in law, but in vastly stimulated production and distribution. So long as the supply of available goods is below demand, we will continue to have black markets. So long as labor troubles, governmental interference, or anything else blocks the production machine, an out-of-line price problem will continue to be a major factor in our national life.

The distributive machine is doing a fine job, and it is ready to do still better when goods again become plentiful. Retailers in all lines of merchandise, paced by the big chain systems, have consistently worked against price increases. They cannot, of course, prevent price increases made necessary by higher wage, supply and tax costs. But they are a constant guarantee of the lowest price for what you buy, consistent with the economic conditions of the time.

* * *

A Steady Market Counts

It should be made clear to the public that the costs of certain basic commodities and services like oil, electricity, and insurance do not rise in price every time the market suffers an upsurge.

William R. Boyd, Jr., President of the American Petroleum Institute, made the statement recently that the prices of gasoline, fuel oil and other petroleum products have always been determined by the costs of production and the ceaseless competition among the companies in the industry.

He said, "The petroleum industry, like other sound American industries, will do its best to hold the line on product prices. Under normal conditions costs vary, and prices vary with costs. If we all work together, in due course not only can product prices be held, but in many cases they can be reduced as full production and efficient operation are achieved by the effective cooperation of companies, employees and the public."

WILMOT

Mr. and Mrs. Rodell Harms left Monday for a trip to Minneapolis and Iowa. They were accompanied by Herman Frank. Mrs. Oliver Balza, of Kenosha, accompanied them as far as Minneapolis, from there she will take a plane to Billings, Montana.

Mrs. Joseph Rausch and baby daughter, Beverly Theresa came home from the Burlington hospital on Thursday.

Mrs. Paul Vos was a Wednesday dinner guest of Mr. and Mrs. Frank Marzahl at Richmond.

Lt. Keith Hegeman returned from a week's stay in Texas and left for Chanute Field Sunday.

Saturday Mrs. Edith Faulkner entertained Mr. and Mrs. Sidney Brush of Elmhurst, and Mr. and Mrs. J. Kreissl and Grandma Kreissl, from Chicago.

Mrs. Harmon Swantz, Union Grove, accompanied Mrs. Paul Vos to the Wilmot Fair on Friday. This week Mr. and Mrs. Swantz leave on a motor trip to Niagara Falls and Canada.

The Directors of the Kenosha County Fair staged the 26th Annual fair for the County at Wilmot, last Friday, Saturday and Sunday, after not having held a fair during the war years, or since 1941. At least, ten to twelve thousand people attended during the three days and nights and they found a very creditable exposition.

The Board is to start work on planning the 1947 fair in the near future with the aim before the members of building a bigger and better exhibit each year. This will be a big incentive to members of the 4-H clubs throughout the county to excel in their departments. Departments for adults will be expanded likewise.

Plenty of entertainment was provided for all who attended, with free acts twice daily, two free movies, merry-go-round, ferris wheel, octopus and swing concessions. A horse show was held each night with record breaking attendance. Beautiful trophies had been donated for the 22 classes shown by friendly businessmen and well wishers for the success

of the undertaking.

Stables from Rogers Park, Gurnee, Milwaukee, Racine, Manitowoc, Lake Villa, Salem, Kenosha, Libertyville, Trevor, Highland Park, Park Ridge, Rochester, Antioch, Elgin and Chicago were represented by entries of horses, second to none.

The classes were ably judged by the very well known Charles Gardner, of Chicago, whose services are required for the best shows throughout the states. Dr. R. Bovig, of Waukegan, announced the classes Friday and Saturday evening and William A. Chandler, of Gurnee on Sunday evening, Earl Elfers, of Rock Lake, was a very capable ring master.

Excellent arrangements for serving food to those who attended had been made with two dinners daily served by the Holy Name church in the school hall and the Wilmot Mothers club with a short order stand on the grounds.

Will Cole has been a patient at the Madison hospital since Friday.

Remove Bathroom Rings
To remove soiled rings from bathroom porcelain, use a few drops of kerosene in a solution of soapy water.

Mr. and Mrs. Harrie Kilstrom and daughter, Linda, from Hamburg, N. Y., and their son, Carl, from San Antonio Air Field at Texas, spent last week at the home of Mrs. Kilstrom's parents, Mr. and Mrs. S. J. Handley.

Mr. and Mrs. Emmet W. King left on Tuesday morning for a few days visit with relatives near Springfield and the State Fair.

Mrs. Eva Alling, of Waukegan, visited the Bert Edwards home Sunday afternoon.

The Gordon Wells family spent Wednesday afternoon at Gurnee Fair.

Sunday evening callers at A. T. Savage home were Mr. and Mrs. O. L. Hollenbeck, of Millburn.

Mr. and Mrs. Curtis Wells returned home Sunday evening from a 3-day vacation spent at the State Fair at Springfield.

Mr. Robinson and daughter, Miss Louise, of Chicago, called at Wilbur Hunter home Sunday afternoon.

Mr. and Mrs. Mills and son, Steve, and Mr. and Mrs. Harvey Mann and Miss Josie Mann, of Waukegan, enjoyed a picnic lunch at the A. T. Savage home.

Gordon Wells and sons, Gordon, Jr., Emmet, and John and their cousin, Oliver Wells, spent Saturday afternoon at the Wilmot Fair.

Mr. and Mrs. Harrie Kilstrom and Linda, called at the W. D. Thompson home Friday evening.

Mrs. Moriarity and son, Dr. Howard Moriarity and daughter, Dorothy, of Chicago, visited Friday and Satur-

day at the William Horton home.

Mr. and Mrs. George McNeil and son, Terry, of Kenosha, were Sunday dinner guests at the home of Mr. and Mrs. Kenneth McNeil, who lives in the former Harrie Crawford home.

Walter Johnson, from Minnesota, a former buddy of Jimmie Horton, visited Jimmie last week.

REEVES DRUGS
ANTIOCH, ILL. PHONE 6

Despite every effort, the pipeline company which supplies natural gas to this area has been unable to obtain steel for additional construction before next winter. Due to this, plus the large increase in home use of gas . . .

Gas for New Space-Heating and Industrial Uses Must Be Restricted

TO PROTECT THE SUPPLY TO HOMES AND ESSENTIAL NEEDS

it became necessary to ask the Illinois Commerce Commission for authority to limit the delivery of gas as follows:

Space Heating. Delivery of gas for space heating during this emergency will be limited to (1) premises gas-heated last winter or those in which gas equipment was installed or being installed as of July 16, 1946, and (2) new homes completed or under construction as of same date, in which gas heating had been installed or specified.

Industrial. No delivery of gas to any new industrial customer who can reasonably use a fuel other than gas, nor to any new customer or additional load of an existing customer exceeding a specified amount.

In addition to the above restrictions on connecting additional loads, when necessary to safeguard the supply of gas to homes and to protect community health and safety, reduced deliveries of gas for industrial and commercial uses will be made effective during extreme winter weather, and residential customers will be called upon to hold their use of gas to a minimum.

Delays in carrying out the expansion of pipelines to bring additional natural gas to the area which had been planned for this year, plus the large increased demand for gas for home uses, make these restrictions in connecting additional load immediately necessary.

We sincerely regret the necessity for these limitations in gas service. You may be assured that restrictions will be lifted at the earliest possible moment.

Light Movement
In empty space or through the air, light moves at the speed of 186,000 miles per second but when it strikes a transparent object it slows down, says the Better Vision Institute. In ophthalmic glass its speed is reduced to about 10,000 miles per second. In this slowdown process the light rays are bent at an angle. By grinding the surface of the glass in a special manner, the bending of the light rays, and their direction in emerging from the lens, can be controlled.

Aluminum Ware
Heavy "cast" aluminum vessels are made by pouring the molten metal into castings or forms. "Stamped" aluminumware is made from sheets of the metal. The sheet is rolled out and the pots and pans are stamped by cutter from the metal and then pressed into shape. "Stamped" aluminumware comes in three grades—light, medium and heavy.

Stainless Steel Pans
Stainless steel is more durable than aluminum of the same weight and thickness. It does not darken in cooking alkaline foods as aluminum does, but, once darkened by overheating or scorching, it can not be brightened as aluminum can. Aluminum has the advantage of spreading heat more evenly, so cooks more evenly with less chance of scorching.

Toad Skins Medicinal
Historians report that many centuries ago the Chinese used dried and powdered skins of toads as a treatment for wounds. This ancient practice was considered a silly superstition until recently, when it was found that powdered toad skins contain a considerable amount of the modern drug adrenalin.

Omelets Same
Whether it's flat omelets, fluffy omelets, the ingredients are the same. One or two eggs for each person, 1 tablespoon of milk for each egg, and salt and pepper to taste. To make omelets fluffy, beat the egg yolks and whites separately. For a flat omelet, beat all ingredients together.

Volcanic Eruption
Krakatau volcano, in Sunda strait between Java and Sumatra, lay dormant from 1680 to 1883, then put on an extremely violent eruption that darkened and flooded Batavia, 100 miles away. The eruption completely changed the form of the three islands of the Krakatau group and created several new islets.

Sun Mars Fur
Sunlight is one of the worst enemies of furs. The finest Russian sable comes from animals that live deep in the woods and never see the sun, while the objectionable streaks in gray squirrel are supposed to be due to the animal lying in the sun?

Turpentine Piped Under Channel
Pipe lines that were built during the war to carry gasoline under the English channel from England to Holland and France now deliver turpentine to the Netherlands where it is mixed with other basic ingredients of paint and varnish.

Disbanded Army
At the end of the Revolutionary war, congress ordered the disbandment of the entire army except "25 privates to guard the stores at Fort Pitt and 55 to guard the stores at West Point."

Protect Stockings
To keep splinters from catching stockings, paint the edge of your desk or chair with colorless nail polish, or cover the nicks with scotch tape.

Accents Sugar
Sweetness is accented by the use of salt, which should be included in candies, cakes, ice cream, cooked fruits, fruit juice. It saves sugar, too.

Keeping Bananas
Keep bananas at room temperature — about 70 degrees — never in the refrigerator or other cold place.

Bolster Chair Seats
If your cane chair seats have begun to sag, shrink them tight by washing with hot water and drying outdoors.

Erosion Costly
Soil conservation authorities estimate the annual cost of uncontrolled erosion in the U. S. is 3,844 million dollars.

Sort Cranberries
Sort cranberries carefully before cooking them. A few shriveled and speckled ones can bitter the whole sauce.

Accident Victims
Did you know that 18 per cent of home accident fatalities last year were children under five years of age.

Clean Plowing
Clean plowing will destroy 95 to 98 per cent of the corn borers in a field.

Shapely Coats
To help fur coats retain their shape, keep them buttoned when standing, unbuttoned while sitting.

Knit Clothes
Never hang knit clothes. Stretch them while damp.

WILMOT

Miss Marion McGuire, daughter of George McGuire, from Los Angeles, Calif., spent the past week at the McGuire cottage with her father and the Misses Honora and Catherine McGuire and William McGuire.

Sunday school will be resumed after a vacation of several weeks at the M. E. church, Sunday morning at 9:15, Aug. 18.

The W. S. C. S. of the M. E. church is sponsoring a bake sale, bazaar and ham dinner at the church dining hall this Thursday afternoon and evening. Dinners are served from five o'clock on.

Mr. and Mrs. Carl Williams and Mrs. Fred Lent, of Genoa City called Thursday evening on Mrs. Viola Sherman.

POISON IVY HOW TO KILL IT. IN ONE HOUR

If not COMPLETELY Pleased, your 35c back. Kill the outer skin. It PEELS OFF and with it goes the ivy infection. Ask any druggist for TE-OL. Often one application is enough. Today at King's Drug Store, Antioch.

SOCIETY EVENTS

R. N. A. OFFICERS HOLD MEETING

Thirty officers and friends of the Royal Neighbor Officers club attended a meeting and card party at the home of Mrs. Rose Masopust Tuesday evening. Mrs. Freda Wertz was assistant hostess. Five hundred was played during the evening and luncheon served.

Mr. and Mrs. Don Vassallo and sons, Donald, Franklin and Roger, of Waterbury, Conn., spent the past two weeks with Mrs. Vassallo's sister and husband, Mr. and Mrs. Preston J. Reckers, and family at their home at Channel Lake.

C. K. Anderson had as guests for the weekend, Mrs. Marie Conington, of Seattle, Washington, who attended the Spanish War Veterans convention, held in Milwaukee, last week, also Mrs. Lima Bowden, Miss Edna Swigert and Mrs. Gus Swigert, of Pontiac, Ill., and Mrs. Ann Meyers, of Orlando, Florida. Sunday guests were Mr. and Mrs. W. E. Schröder and family, of Evanston.

Mrs. Floyd Horton returned home from St. Therese hospital last Friday, after undergoing surgery last Tuesday.

Mr. and Mrs. George Deannapper, of Toronto, Canada, are spending a two weeks vacation with their aunt and uncle, Mr. and Mrs. Bert Bown, at their home at Lake Marie.

Mr. and Mrs. R. B. Vinsen, of Dallas, Texas, were guests of Mrs. Vinsen's sister and husband, Mr. and Mrs. A. L. Samson, at their home at 280 North Avenue. The Samson and their guests spent last Friday in Milwaukee.

Mrs. A. N. Berke and Mrs. H. K. Gaston spent Tuesday in Waukegan.

Pvt. Maurice L. Edwards, of Fort Knox, Kentucky, spent the weekend with his parents, Mr. and Mrs. Warren Edwards at their home at Grass Lake.

Mrs. John Thompson and son, of Hollywood, Calif., are the guests of Mr. and Mrs. Emil Molinaro, of Deep Lake.

Mrs. B. G. Guillaume returned to her home at Lake Catherine this week from Augustana hospital, Chicago, where she underwent major surgery.

Card Of Thanks

We wish to thank every one for the many acts of kindness and sympathy shown us during our recent bereavement.

E. P. Dressel and sons

Card of Thanks

I wish to thank all those who sent cards and flowers and for the thoughtfulness during my recent illness.

Clara Horton

LEGAL NOTICE

COUNTY ZONING NOTICE STATE OF ILLINOIS) ss.

COUNTY OF LAKE) ss.

TO WHOM IT MAY CONCERN:

PUBLIC NOTICE is hereby given to all persons in the Township of Antioch, Lake County, Illinois, that a public hearing will be held on August 30, 1946, at 1:30 o'clock P. M., C.D.S.T., in the Village Hall, Antioch, Illinois, on a proposal to vary the terms of the County Zoning Ordinance or to reclassify by amendment, from the R-4 Residential District to a B-2 Business District, the following described real estate, to-wit:

That part of the East fractional half of Section 1, Twp. 46 N., R. 9, East of the 3rd P. M., described as follows: Beginning at a point in the center of the public road on the East line of and 50.16 feet North from the South East corner of said Section 1; thence North 48 degrees 30 minutes West along the center line of said road 455 feet; thence North 32 degrees 23 minutes West along the center line of said road 64.7 feet to the place of beginning of this description; thence North 5 degrees 46 minutes East 414.13 feet; thence North 84 degrees 14 minutes West 200 feet; thence South 29 degrees 39 minutes West 110 feet to the center of said road; thence South 32 degrees 23 minutes East along the center of said road 397.9 feet to the place of beginning in the County of Lake and State of Illinois.

As a result of the petition of James Stewart, which is on file and available for examination in the office of the Lake County Zoning Board of Appeals, Court House, Waukegan, Illinois.

All persons interested may attend and be heard.

Lake County Zoning Board of Appeals,
John J. Hogan, Chairman,
Dated at Waukegan, Illinois, this 12th day of August, A. D. 1946.

**Sammy Klass is Member
Of Champion Softball
Club in Germany**

In clippings from German printed newspapers and letters to his father, O. S. Klass, Antioch, Pvt. Sammy Klass relates the success of his outfit's softball club, which is tops in the part of German territory where he is stationed. The club has beaten every team which it has met and Sammy was the subject of a paragraph in a report on a game between Fritzler Stalwarts and Giebelstadt in a G. I. newspaper, as follows:

"Shortstop Sammy Klass played the finest game of the year by making almost impossible stops and knocking a home run with one on to help Osborne (the pitcher) and the rest of the team to roll on home."

Sammy has been traveling with the team for the past several months and has had occasion to visit Bad Kissengen, where he called on Bill Dow, an Antioch boy, and Frankfurt where he met Billy White, who is stationed there. Billy plays in the band at the Palm Gardens there, and according to Sammy, he is looking 100% (probably due to the soft life, he adds).

He recently completed a course Quartermaster school and has been transferred from "Ammo" to commissary. He expects to be discharged some time during the next few months.

LEGAL NOTICE

STATE OF ILLINOIS) ss.

COUNTY OF LAKE) ss.

IN THE CIRCUIT COURT OF LAKE COUNTY

Public notice is hereby given that the undersigned will, on the 16th day of September, A. D. 1946, being one of the return days in the Circuit Court of Lake County, file her petition in said court praying for the change of name from Ora Brooks to Ora Dale Puckett, pursuant to the statute in such case made and provided.

Dated, Waukegan, Illinois July 30, 1946.

ORA BROOKS
Petitioner
(52-1-2c)

3,000 Participants

Expected at Sports

Festival Aug. 29-30

Square dancing, sports contests and choral singing are a part of the program of the Illinois Farm Sports festival Aug. 29-30 at Huff gymnasium at the University of Illinois.

Three thousand persons are expected to participate in the contests which range from softball to hog calling. Some 110 softball teams from all parts of the state are scheduled to compete.

In addition there will be bowling, wrestling, wood chopping, volley ball, tug-of-war and rifle and skeet shooting. Semi-finals and finals in the Illinois Farm Bureau baseball league are also scheduled.

Women will have their competitive sports too, and 4-H boys and girls will compete in sports just as their elders do. They will have a new contest this year—a fitness test.

Radio farm programs will be broadcast from the gymnasium during the two days. Persons having special aptitude in music and speech will compete for the privilege of taking part in the final entertainment program.

It's a big two-day vacation for Illinois farmers and Lake county farmers have been invited.

Brands Old

The brand idea is as old as any known institution of civilization. It marked the beginning of a philosophy in business by which the producer openly assumed a responsibility for his product to the purchaser. Earliest excavations have revealed paving bricks marked with the brand name of the manufacturer, and during the period of the guilds in Europe, the use of brands was highly developed. Infringements were harshly dealt with. A textile manufacturer who omitted his trade-mark was often punished by having his right hand removed.

Dog Breeds

"Pinscher," German for fox-terrier or English terrier, is the German breed which corresponds to the English terrier. The German boxer, believed to have originated in Germany back in the 16th century, is a fighter with a bulldog expression but the muscular body and long legs of a mastiff. It is said that when used as fighting dogs decades ago, two boxers would fight standing on hind legs and sparring with front legs. No doubt the term "boxer" grew out of this.

Smoke Appliances

The army's mechanical smoke generators come in two sizes. The largest, truck or trailer mounted, can blanket a square mile within 10 minutes. The smaller model, of foot-locker proportions, can blot out an area five or six miles long by 200 yards wide. The smoke pots vary from the 11 pound pot which burns for 6 minutes to the 30 pounder which smokes for 20 minutes.

Sunshine Increases Vitamins

Studies indicate that sunshine increases vitamin C. Citrus fruit growing on the sunny side of the tree has been found richer in C than the fruit growing in the center of the tree or on the shady sides. Tomatoes ripened in sun, not injuriously hot, have proved considerably richer in C than those ripened in shade or in cloudy weather.

Furniture Industry

North Carolina is credited with being the country's largest producer of medium and low-priced furniture, with 12 per cent; Michigan is listed as producing the largest proportion of high-cost furniture, with 5.6 per cent. More than 42 per cent of all freight shipments of wood furniture by weight originates in the south.

Oil Sewing Machine

A sewing machine should be oiled after every five or six hours of use.

Fact

and Scripture

Is our Christian Nation turning to paganism?

Recently through a prominent daily newspaper an atheist declares, "Religious and church going people may as well wake up and recognize the fact that there are millions of atheists in this country."

And what about the multitudes that do not keep their profession of faith?

"Then said Jesus unto the twelve, will ye also go away?"

Then Simon Peter answered, Lord, to whom shall we go? thou hast the words of eternal life. And we believe and are sure that thou art that Christ, the Son of the living God."

John 6: 67-69

Emanuel Thiele

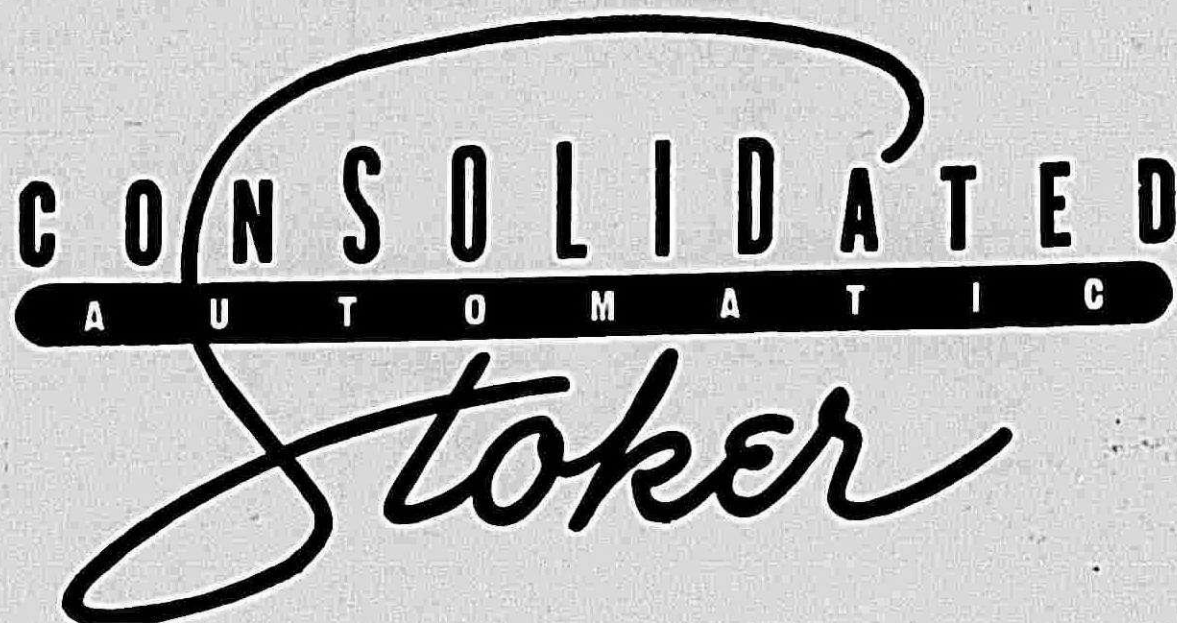

MR. AND MRS. HAWKINS PARENTS OF DAUGHTER

Mr. and Mrs. Orville Hawkins, of Waukegan, are the parents of a daughter "Myra Louise," born at the St. Therese hospital, Wednesday, Aug. 7, Mrs. Hawkins before her marriage was Miss Marguerite Kufalk, of Antioch.

CHANNEL LAKE COMMUNITY CLUB—CARD PARTY

The Channel Lake Community club will be played. Prizes and refreshments. The Channel Lake school house, Thursday, August 22, at 2 p. m. Bridge, 500, pinochle and buncle will be played. Prizes and refreshments. Donation 50c.

The Antioch Acorns attended the County achievement Day, held August 2 in Gurnee. Miss Betty Jean McDougall was chosen as one of the Acorns to attend the state fair and to participate in the 4-H clothing contest. The Acorns received a B on their exhibit at Gurnee.

Antioch Celebrates . . .

(Continued from Page 1)

war that we were not ready for. We were glad to win, but glad it was over and even those who lost, lost heavily, brothers, sisters, fathers and most of all sons, were glad it was over.

"We never doubted but that we would come out of it victorious. Two days before Italy surrendered a captive German said his country would win; that the armies were falling back so that fresh ones could replace them.

Is Peace Possible?

"Today in peace we wonder why we have forces overseas. We wonder if such a thing as lasting peace is possible. If there is lasting peace this had better be it. This must be our last Victory Day because another would cost too much. The cost of this war, 300,000 men, came too high.

"Do we have to have another war? What can we do to prevent it?, the speaker asked.

At this point he declared that such things as racial prejudices, greed that leads to black markets, and crooked politics must be stamped out.

"In churches, organizations such as the Legion and Veterans of Foreign Wars, civic and other organizations we can broaden ourselves to know what is taking place and then we can make known to our law making bodies what we want beyond peace," he declared.

He said the fight now is not on the battle field but against a bigger foe. Through the institution of the home and through these organizations fighting can be as effective as was the fighting overseas.

"Maybe that which seems impossible up to now will be possible," he concluded.

After the singing of the Star Spangled Banner the benediction was given by Chaplain Harry Message of the Antioch Legion post.

Provisions of New Veterans' Terminal Leave Pay Law

Service Officer A. F. Reutlinger at American Legion Home, Waukegan, Ill., has received the following digest of the enlisted men's leave pay bill from the Illinois Veterans Commission:

Who is Entitled: Honorably discharged enlisted members of armed forces (Army, Navy, U. S. Marines, Coast Guard). Includes those honorably separated to accept commissions.

Dates of Service: All enlisted service in the period between September 8, 1939, and August 31, 1946, may be compensated.

Maximum Allowed: 120 calendar days. (Total leave as officer and enlisted man cannot exceed 120 days).

How Paid: Cash payment where amount is less than \$50; cash also to all who were discharged prior to January 1, 1943. To all other veterans, in 5-year bonds (bearing 2½% int., from first day of January, April, July or October following date of discharge) in multiples of \$25; balance, less than \$25, in cash (government check).

To Compute Entitlement: Figure 2½ calendar days per month for each month of active service after September 8, 1939,—up to a maximum of 120 days.

Deduct: (1) All furlough time (not 1, 2 or 3 day passes); (2) all AWOL; (3) all absence over leave; (4) all confinement as a result of court-martial.

The amount of pay is based upon the veteran's base pay, (plus longevity) at time of discharge, plus 70¢ per day subsistence allowance for all grades. Master sergeants, staff and technical sergeants (also chief petty officers, and 1st and 2nd class petty officers), who had dependents at time of discharge are given an additional quarters allowance of \$1.25 per day.

The veteran will be required to forward a photostat or a certified copy of his discharge certificate with his application.

Application blanks and instruction sheets will be distributed through the local post offices.

While the bonds are non-negotiable for 5 years, the law provides they can be turned into the Veterans Administration in payment of premiums on National Service Life Insurance.

Forest Air Cleaner

Forest air is much more free from bacteria of all kinds than is the air just outside the forest. According to the Encyclopaedia Britannica, there are generally 23 to 28 per cent fewer bacteria in the forest air, since the foliage acts as a kind of filter, retaining dust and other particles in the air. The bacteria on the leaves are then readily killed by exposure to the sun.

Mustard Plants

The mustards, members of the Brassica family, are cousins of the cabbages, cauliflowers, turnips, radishes, brussels sprouts. Mustard seeds vary in color from pale yellow to black. The black belongs to a wild variety, common as a weed in many parts of the country. Yellow, oriental and brown are the cultivated types.

Antioch Men Attend Real Estate Board Outing

When the Waukegan-Lake County Real Estate board held its outing recently at Lake Lawn, Delavan, Wis., Antioch business and real estate circles were well represented. All from Antioch except Joseph Drobnick of Waukegan, president of the board, and

Dan Boyer, Lake Villa, they are, left to right, standing, Homer La Plant, C. E. Gaffey, Drobnick, Elmer E. Brook and George S. Wagner. Seated, left to right, Harry J. Krueger, Boyer, and Edward C. Jacobs, attorney.

Waukegan News-Sun Photo

Push and Pull

In the suction pump and the siphon the water is lifted by the "push" exerted on the water by the pressure of the atmosphere. By reducing the pressure in the siphon or above the column of water in the pump, the water is not thereby "sucked" or "pulled" up. Rather the forces opposing the motion of the water are reduced until they are less than the force that the atmosphere exerts, and hence the latter force "pushes" the water upward.

Heat Values

The actual heat units in the different fuels are approximately as follows: anthracite, 12,500 per pound; oil, 140,000 per gallon; natural gas, 1,000 to 1,100 per cubic foot; manufactured gas, 550 per cubic foot; mixed gas, 700 to 800 per cubic foot. In each case the heat values given must be multiplied by the actual operating efficiency of the heat generator (boiler or furnace) to obtain the actual number of heat units.

Garden Crops

In 1945 the tomato was grown in 88 per cent of the farm victory gardens compared with 85 per cent that included onions; 84 per cent string or wax beans; 75 per cent lettuce, and 72 per cent radishes. Potatoes were grown in 75 per cent of the farm gardens and green peas and cabbage in 70 per cent.

Four Home Runs

Lou Gehrig of the Yankees hit four consecutive home runs in one game, June 3, 1932, and the Phillies' Chuck Klein hit four in one game, July 10, 1938. Lowe hit his, also in consecutive times at bat, while with Boston of the National league, May 30, 1894. Delahanty did the trick on July 13, 1896, as a member of the Phillies.

Medical Expenses

The average family spends about 4 per cent of its income for medical care (about 3 per cent for physicians and hospitals, 1 per cent for medicine, dentistry, etc.). The 4 per cent average conceals wide variations. In any one year, over 40 per cent of the total of medical costs falls on only 10 per cent of the population.

Precarious Climate

Crop failures are more likely to occur in India than in any other country in the world because of its tropical location and dependence on monsoon rains. Famine occurs in some portion of India every year, with widespread suffering every five or ten years and severe famine every 50 or 100 years.

Hardy Vegetables

Cabbage, cauliflower, beets, carrots, rutabaga will survive a light frost.

Dark Ringed Yolk

The dark colored ring on the outside of the yolk of a hard-cooked egg is the result of too much heat or too long cooking, says United States department of agriculture scientists.

23 Billion Passengers

In 1945, more than 23¼ billion passengers rode the street cars, trackless trolley coaches and gas buses that make up the nation's urban transit lines.

LEGAL

COUNTY ZONING NOTICE

STATE OF ILLINOIS) ss.

COUNTY OF LAKE)

TO WHOM IT MAY CONCERN:

PUBLIC NOTICE is hereby given to all persons in the Township of Antioch, Lake County, Illinois, that a public hearing will be held on August 30, 1946, at 2:30 o'clock P. M., C.D.S.T., in the Village Hall, Antioch, Illinois, on a proposal to vary the terms of the County Zoning Ordinance or to reclassify by amendment from the R-4 Residential District, to the B-2 Business District, the following described real estate, to-wit:

Lots 132, to and including Lot 136 of Volk Brothers Mid-Lakes Unit No. 2, a subdivision of part of the North East quarter of Section 14, Twp. 46

LAKE VILLA

Rev. Pierson has announced the sermon topic for next Sunday at the Community church at 11 o'clock to be "Christ Taught to Love," and adds "Is the Christian Love that Christ Practiced adequate in all phases of life, or must we admit that to love as Christ taught is alright in some phases of our modern existence, but there are some situations when other methods must be employed."

The women of the church ask that if you have any fruit or vegetable to spare for Lake Bluff Orphanage, which depends on the Societies of the Chicago Northern district for a part of the food for its large family, that it be brought to the church or if you notify the pastor, it will be called for. Cans for filling may be obtained at the church basement.

The Woman's Society of Christian Service will meet Wednesday afternoon, Aug. 21, with Mrs. Leo Barnstable at her home on Grand Ave., west of the village. Meeting at 2 o'clock following dessert luncheon.

Mr. Sherry, who purchased the wholesale beer depot near the railroad tracks on Grand Ave., from Walter Paske this spring, is making living quarters in the rear of the building.

Ronnie Nickerson, who spent two weeks with relatives on a farm near Elizabeth, Ill., has returned home after a pleasant vacation.

Mr. and Mrs. Earl Hucker and sons and Mr. Hucker's mother, Mrs. Elsie Hucker, made a trip to northern Wisconsin last week Thursday.

Mrs. Edna Botts returned home Sunday a week ago from a pleasant visit with her husband's family at Marengo, Ill.

You will want to meet your friends at the annual carnival given by the local fire department on Friday, Saturday and Sunday, Aug. 23, 24, 25 at the Village park when the men of the department will have many forms of amusement and entertainment for your pleasure. Free dancing on an outdoor platform and plenty of things for the children as well as refreshments for young and old.

The girls of the Tru-Value shop in Waukegan were guests of Mrs. Edna Botts at her home here last Sunday afternoon and on Monday evening the girls enjoyed an outing in Milwaukee.

Mrs. Marie Hamlin had as guests last Sunday afternoon her cousin, Mrs. Frank Nader and friend from Chicago.

Mrs. Frances Gilliland, who has been with her daughter, Mrs. Raymond Hussey and family, since they returned from Florida last May left Wednesday to visit relatives in Ohio before going on to her home in Florida later on.

Mrs. Harriet Ballenger left this

week to spend a couple weeks with her niece, Mrs. Bojan Jennings, in New York City, who with her infant son, has returned from the hospital. Jimmie and Patricia Hamlin, children of Mr. and Mrs. Clayton Hamlin, celebrated their combined birthday anniversaries at a small party at their home Monday afternoon.

The local fire department was called out early Friday morning to assist the Grayslake department when the George Sheldon barn on Third Lake was struck by lightning and burned to the ground. Mr. Sheldon was not aware of the fire until notified by a neighbor and by then it had gained considerable headway and little could be done except to save adjoining buildings. Considerable hay and grain, also farm machinery, including a new combine were destroyed.

The Halcyon group of the Community church is planning a style show at the school gymnasium for August 28. There will be an interesting display of new fashions for adults and children, also old time garments, as well as an interesting musical program.

The Board of Directors of the Peacock Camp for Crippled children held the annual barbecue at the camp on Deep Lake last Sunday afternoon for the group of girls now at the camp. Mrs. Dan Boyer was official "griller" of the hamburgers enjoyed by the group. A treasure hunt in which all took part was one of the enjoyable features and the girls had a handicraft exhibit of articles made at the school. The festivities of the day ended with a big camp fire at the lake, with singing by the entire group and was an occasion to be long remembered by those privileged to be present.

Mr. and Mrs. Traver Ellis and sons, of Belvidere, visited Mrs. Ellis's parents, Mr. and Mrs. B. J. Hooper, last Sunday.

The Royal Neighbor Officers Club of Lake Villa sponsored a public card party at the hall Wednesday afternoon this week and the proceeds will help to pay for new drapes the club has recently purchased for the windows which makes it more decorative and cheerful as well as improves the sound effect. Mrs. Cecile Blumenschein is president of the club this year.

MILLBURN

Millburn church recreation room was filled to capacity Saturday evening when the young people of the C. E. Society presented their minstrel show "Anything Can Happen," which was enjoyed by all. Additions to the show were a piano solo, tap dancing and accordion duets by pupils of the Congdon Conservatory of Music in Kenosha.

Forty people attended the Ladies Aid picnic dinner at Dunes Park Thursday, and all appreciated the efforts of the committee, Mrs. Ray Bolter, Mrs. Arthur Myers, Mrs. Leslie Bonner and Mrs. Harry Latham in planning the affair.

Rev. and Mrs. L. H. Messersmith were home from Tower Hill Camp for the weekend. They returned Monday morning for their third and last week there, and were accompanied by Mrs. Leslie Bonner who will spend the week with her sisters, Mrs. Earl Priest and Mrs. Walter Weller in Three Oaks, Michigan.

Mr. and Mrs. Philip McDonald and son, of Rockford, spent the weekend with their father, A. B. McDonald.

Mr. and Mrs. Larry Bonner, of Attica, Ind., spent Friday and Saturday at the Harley Clark home.

Mr. and Mrs. Don Holom received word Monday that their son, Robert, also Clifford Mirocko, who entered army service on Aug. 1, are in camp in Virginia.

Mr. and Mrs. Ralph McGuire and sons, Larry and Billy, are spending a week at Rhineland, Wis.

Mr. and Mrs. John Drew, of North Platte, Kansas, Mr. and Mrs. Henry Randall and Mr. and Mrs. Jack Meretti and daughter, Donna, of

Waukegan, were guests at the home of Mrs. Ida Truax Friday evening in honor of her granddaughter, Randell Deffaan, who was celebrating her third birthday anniversary.

Mr. and Mrs. Marshall Kimball left Sunday morning by auto for a few weeks vacation at Fergus Falls, Minnesota, where they will visit the latter's brother, Rev. J. P. Lester and family.

Mr. and Mrs. Frank Hauser and Phyllis spent Thursday evening with Mr. and Mrs. Clifford Weber, Jr., at Grayslake.

Mr. and Mrs. Ed Hoffman and son, George, spent Thursday with friends in Milwaukee.

Mr. and Mrs. Arthur Myers and son Halden, Mr. and Mrs. Leo Ruble, Mr. and Mrs. George Deffaan and daughter, Randell, Mrs. Ida Truax and daughter, Lois and Mr. and Mrs. Don Truax enjoyed picnic dinner at Petri-Ying Springs Sunday.

Miss Adrienne Schaller, of Hinsdale, Mrs. William Perry and daughter, of Detroit, Mich., and Mrs. Anna Bauman and sons, Earl and Mill were dinner guests at the Howard Bonner home Sunday.

W. C. Upton and daughter Carol, spent Sunday at the F. C. Semrow home in Milwaukee. Mrs. Upton returned with them after a week's visit with her sister, Mrs. Semrow.

Mr. and Mrs. Frank Edwards were supper guests at the John Edwards home in Libertyville Sunday.

Mr. and Mrs. Peter Tillich, Jr., and son Tony and Mrs. Eva Hellstern and son, Kenneth, returned to Chicago Sunday after a week with their parents, Mr. and Mrs. Peter Tillich.

Orville and James Hairrell and Robert and Donald Shank left Tuesday

for a week with their grandparents, Mr. and Mrs. Jasper Spencer in Marion, Ind.

Mrs. D. H. Minto and daughter, Ruth, left Saturday on an auto trip through the east. They spent the weekend with the former's daughter, the Wallis Hines family in East Lansing, Mich., and will visit her son, Donald Minto in Providence, R. I.

Successive Crops

One of the best ways to assure a high food yield from a small garden is to plan plantings of crops to follow the crops harvested in the spring or early summer.

Spanish Agriculture
Spain's prewar olive production led the world. Oranges, lemons and grapes are abundant with wheat and other grains raised on upland plains. Cotton, rice, sugar beets and dates grown in south. Millions of sheep graze on mountainsides.

Children's Death Rate
From 7 to 11 countries had lower death rates among children than the United States before the war.

Drying Print Dresses
When drying print dresses, place towels inside so that the colored surfaces do not touch each other.

As we were saying-----

By Jack and Louie

Howdy Folks; After reading all the best authorities on horse racing we have finally made up our minds as to what horse is safe to put your shirt on—a clotheshorse.

Even so, we'll never bet on a horse race. We're afraid of the "bookie-man."

Of course horse sense is what teaches a girl to say "neigh."

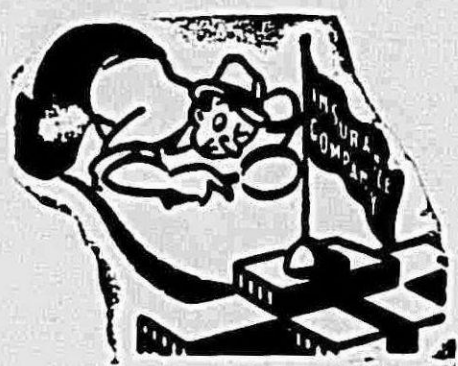

Whether a horse is a race horse or a work horse, he should never get so hungry he bites his fodder. On the other hand, a nag is a woman who rides a man.

Men and women are both coming to our office more and more with their cleaning.

Ask any of our customers about the value of this product.

FOUR GENERATIONS OF BABIES HAVE THRIVED ON OUR MILK!

YOURS SINCERELY, Bud Bowman

SINCE 1874, GOOD BOWMAN MILK

has helped mamas in and around Chicago to bring up sturdy, healthy babies. Back in the early days, our Dr. Peck (he helped start Bowman) made sure Bowman Milk was pure by going right to the farms and testing it himself. And his determination to make Bowman Milk better for babies is still carried out.

BABY MILK IN EVERY BOTTLE, that's what

Bowman delivers. Country-fresh from selected, inspected

farms, ten times tested for richness,

purity, flavor, our milk is good

and it tastes good. Babies to

great grandfolds love its fresh,

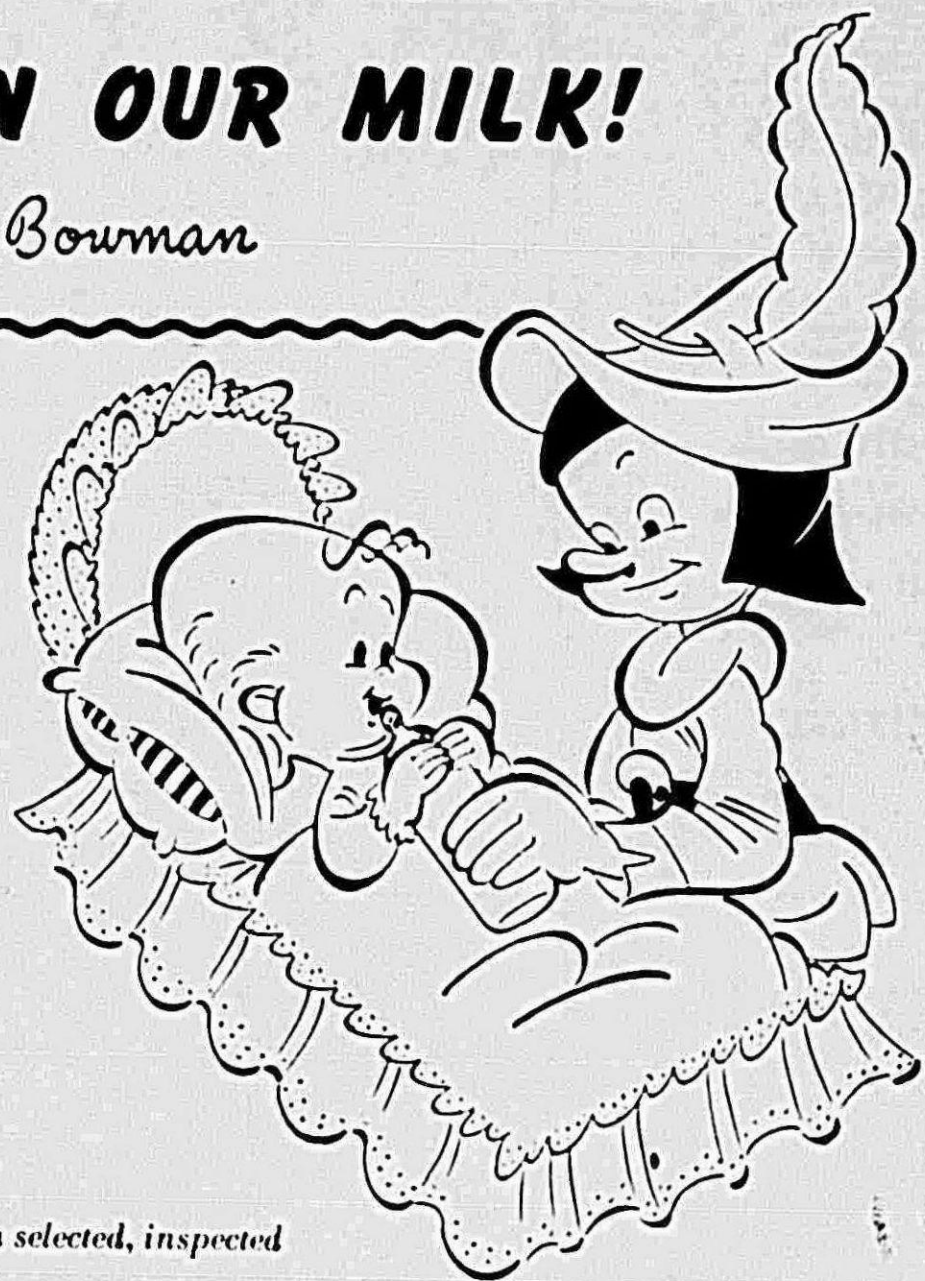

rich flavor. Ask our Bowman milk-

man to bring you some, or phone

us, or get Bowman

Milk at the store.

PHONE: ROUND LAKE 2431

REMINDER

The dairy products delivery businesses of E. F. Voss, Harvard, and the Round Lake Creamery Company, Round Lake, have been acquired by the BOWMAN DAIRY COMPANY. This means the finest dairy products for customers, a better year around market for local milk producers.

BOWMAN DAIRY COMPANY

Tune in THE BOWMAN MUSICAL MILKWAGON every MONDAY through FRIDAY—11:30 A.M. (CDST)—WMAQ. New radio hit, our telephone serenade . . . and maybe you have someone you want Tommy Port or the Dairymaids to sing to.

NOTICE OF PUBLIC HEARING

Notice is hereby given by the Board of Education of School District 117 in the County of Lake, State of Illinois, that a tentative budget and appropriation ordinance for said School District for the fiscal year beginning July 1, 1946 will be on file and conveniently available to public inspection at the home of Helen Osmond, 950 Hillside Avenue, Antioch, Illinois, from and after 8 o'clock A. M., the 16th day of August 1946 in this School District.

Notice is further given hereby that a public hearing on said budget and appropriation ordinance will be held at 8 o'clock P. M., the 18th day of September 1946 at the Antioch Township High School in said School District 117.

Dated the Seventh Day of August 1946.

Board of Education of School District No. 117 in the County of Lake, State of Illinois.

By Helen Osmond, Secretary (2-3-4-c)

Old and New

Old ways and monuments are preserved in Palestine, to stand beside modern developments that make man-made contrasts no less startling than those of nature. Across Palestine streaks the oil pipe line from Iraq that brings 20th century power to an outlet at the port of Haifa. Flying boats land on the Sea of Galilee. And along the Jordan, crossed by the Israelites, is a hydroelectric plant, from which steel towers take power lines over the country.

Narcissus, Daffodils Same

All daffodils are narcissus and all narcissus are daffodils. Daffodil is the English word, and the narcissus, the Latin word, for the same flower. The term jonquil, when properly applied, refers to one specific group of narcissus which are miniature daffodils with dainty fragrant yellow flowers, borne two or more on a stem, perfectly hardy, with onionlike instead of flat leaves. "Jonquil" should be used only for this one class of narcissus.

Dinner Sauce

Leftover luncheon meat can be disguised in a sauce for the following day's dinner. Add it to tomatoes and pour over cooked vegetables in this manner: Dice and saute luncheon meat in margarine until delicately browned. Remove meat and add one clove of minced garlic to fat in pan, one cup stewed tomatoes, salt, one tablespoon brown sugar and one teaspoon mustard. Cook covered about 10 minutes. Add meat and pour sauce over vegetables.

Ohio Water Cover

Rain and snow provide Ohio with an annual average of 38 inches of water over each foot of surface. Since weather records have been kept, the most water precipitated in Ohio in one year was 50.4 inches in 1890; and the least amount was 26.6 inches in 1934, when the deficiency compelled farmers in many areas to haul water for livestock, and to see their crops wither.

Old Industry

Fishing is the oldest industry in the world. About 100,000 people in the United States work for fisheries and fishery industries. More than 90 per cent of the sea fish landed in American ports is consumed within 200 miles of the sea.

LEGAL COUNTY ZONING NOTICE STATE OF ILLINOIS) ss COUNTY OF LAKE)

TO WHOM IT MAY CONCERN: PUBLIC NOTICE is hereby given to all persons in the Town of Lake Villa, Lake County, Illinois, that a public hearing will be held on September 5, 1946, at 1:30 o'clock P. M., CDST., in the Village Hall, Lake Villa, Illinois, on a proposal to vary the terms of the County Zoning Ordinance, or to reclassify by amendment, from the F-Farming District, to the I-1 Light Industrial District, the following described real estate, to-wit:

That part of the North West quarter of Section 31, Twp. 46 N., R. 10, East of the 3rd P. M., described as follows: Beginning in the intersection of the center line of the Fox Lake and Antioch Road, now known as State Road No. 59, and a line drawn through the center of the culvert as it existed August 1, 1945, said place of beginning being on the North line of Deering Lane extended, as shown on the plat of Cedar Crest, recorded in Book "X" of Plats, pages 8 and 9, and at right angles to the Easterly edge of said culvert; thence Northerly along the center of said State Road No. 59, 300 feet; thence East 726 feet; thence Southerly parallel to the center of said State Road No. 59, 300 feet; thence West 726 feet to the place of beginning in Lake County, Illinois.

As a result of the petition of Teofil Piskorz, which is on file and

available for examination in the office of the Lake County Zoning Board of Appeals, Court House, Waukegan, Illinois.

All persons interested may attend and be heard.

Lake County Zoning Board of Appeals John J. Hogan, Chairman Dated at Waukegan, Illinois, this 12th day of August, A. D. 1946. (2c)

IMMEDIATE POSSESSION New 4 Room House Fully insulated on 50x150 lot near bus and stores, Lake Rights. Priced \$4000.00 Can be financed.
